Of course, you've noticed. That spirit the pace and face of a vigorous young irl swinging along the sidewalk never alls to attract the admiring eyes of

She may have played a round of golf in the morning, yet she is shopping tire-leasily the same afternoon. And she is ready to dance all night. Part of that aliveness in her pace and face is due to youth; part is due to healthy exercise in the open air; part is generally due to the type of shoel she

wears.
One fact is clear. If she went around those 18 holes of golf walking virtually on tip-toes in high-heeled shoes, she wouldn't feel much like shopping in the afternoon or dancing all right.

No girl long feels or looks much live-lier than her shoes let her. Ordinary shoes weary the feet and sap the enershoes weary the test and sap the energies. In the Cantilever Shoe a girl stands and walks in good-looking footwear that has a flexible arch like her own. No steel shank-plece secreted between soles refuses to allow her flexible foot to move flexibly.

Cantilever Shoes fit your feet instead of making the your feet shall fit them.

They lace up to a trim fit and a snug support under your arches. The flexible arches agree to the free action and exercise of ligaments and muscles; that freedom naturally improves your circulation. Not only have you beautiful comfort, but you avoid foot-strain, you wear good-looking shoes and you feel oh so much more alive!
